

## CARE Award

CRC CARE, the peak Australian institute in environmental remediation science, is proud to present the inaugural CARE Award. The CARE Award recognises technologies and innovations in the area of contamination assessment and remediation of the environment, and celebrates the achievements of the winner among the industry sector and peers.

The CARE Award aims to recognise sustainable technologies and innovations in the area of contamination assessment and remediation of the environment.

The successful CARE Award winner will receive a unique, hand-crafted glass sculpture and a cash prize.

The Award presentation will be held as part of the 4th International Contaminated Site Remediation Conference dinner on the evening of Wednesday 14 September 2011. Join more than 300 leading members of the Australian and international contamination assessment and remediation community for the industry's 'night of nights', where you can celebrate with the Award winner and network with some of the industry's most influential figures.
